SpaySA is proud to be a Partner for Pets

Spay SA is proud to be a Partner for Pets! [Bissell](#) and [Lost Pet U.S.A.](#) have teamed up to help organizations like ours raise money, and now you can help too! When you purchase pet products online from Bissell and enter the code 'ADOPT' at checkout, a portion of your purchase will be donated to our organization!

It's simple:

1. Shop pet products on www.bissell.com
2. Enter code ADOPT in the 'coupon or promotion code' box at checkout
3. Select SPAYSA!

It's HOT. Keep your pet COOL.

The temperature is rising in Texas, and with that must come a rise in taking measure to keep your pet safe in the heat.

- Never leave your pets in a parked car. Not even for a few minutes.
- Limit exercise on hot days to early in the morning and late in the evening when temperatures are cooler.
- Provide ample shade and water. Pets can get dehydrated and even get sunburn just like humans.
- Cool your pet inside and out. Provide cool water for drinking and a pool for paw-dipping to keep their body temperature regulated.
- Watch for signs of heatstroke like heavy panting, glazed eyes, rapid heartbeat and dizziness.
- Prepare for power outages by maintaining a disaster plan to keep your pets safe from heat-related dangers in the event of a power outage due to a summer storm.
